

East Side Endoscopy, LLC

Patient Discharge and Escort Policy

New York State, Medicare and all ambulatory accrediting agencies mandate that patients be accompanied by a responsible adult 18 years of age or older when leaving the facility. This is for patient safety.

Your escort must be available to receive instructions regarding your care following your procedure and sign the discharge forms.

All patients will meet with their physicians prior to discharge and be provided with written instructions regarding follow up care and what to do in the unlikely event of a complication following your procedure.

Patients cannot Drive or operate heavy equipment for 24 hours following their procedure.
